

Remarks

The Office has grouped claims 41-54 and 56-67 as being drawn to a method for correlating a vehicle with the road or sequence of routes or cells that it travels and claim 55 as being drawn to a method for determining traffic velocity of a route section based on the rate of handovers.

The applicant has cancelled claim 55, without prejudice and without traverse, and hereby elects group 1 (claims 41-54 and 56-67) to be prosecuted at this time.

The applicant submits that each of the requirements levied by the United States Patent Office have been satisfied and that the case is ready for examination.

The applicant officially notices that the Office has acknowledged the relevant claim to priority and that no other documents are presently required.

If the Office has any questions, a telephone call to the applicant's attorney at (404) 643-3430 or an email to the same at gsmith@lavagrouplaw.com is respectfully requested.

With the kindest regards

/Gregory S. Smith/
